

# Suspension & Expulsion

#### Introduction:

St Joseph's Catholic Parish Primary School is committed to providing a safe and secure educational environment for all students and staff members. The school understands that all students have the right to feel safe and respected in an environment free from bullying and intimidation. They also have the right to be treated fairly and with dignity.

The Education & Training Reform Act 2006, Ministerial Order 1125, July 2018, defines the grounds and process for suspensions, expulsions and appeals relating to all students within Victorian schools. The Ministerial Order must be complied with in a manner which is consistent with the Charter of Human Rights and Responsibilities Act 2006.

This policy and accompanying procedure outlines the process for the suspension or expulsion at St Joseph's Catholic Parish Primary School on rare occasions, where an individual student's behaviour may compromise the health, safety and wellbeing of other students and staff at the school.

## Scope:

This policy and associated procedure applies to all students, parents & carers at St Joseph's Catholic Parish Primary School and must be read in conjunction with the school's Behaviour Management and Restrictive Intervention Policy.

# **Definitions:**

<u>Suspension</u>: The temporary removal of a student from all classes that they would normally attend at school for a set period of time.

<u>Expulsion</u>: Is the permanent removal of a student from a particular school.

# Suspension:

Suspension is a serious disciplinary measure and is best reserved for incidents when other measures have not produced a satisfactory response.

A principal may suspend a student from the school if, whilst attending school, travelling to and from school or engaging in any school related activity away from school (including when travelling to or from that activity) the student:

- » Behaves in such a way as to pose a danger, whether actual, perceived or threatened, to the health, safety or wellbeing of any person;
- » Causes significant damage to or destruction of property;
- » Commits or attempts to commit, or is knowingly involved in the theft of property;
- » Possesses, uses, sells or deliberately assists another person to possess, use or sell illicit substances or weapons;
- » Fails to comply with any clear and reasonable instruction of a staff member so as to pose a danger, whether actual, perceived or threatened, to the health, safety or wellbeing of any person;
- » Consistently engages in behaviour that vilifies, defames, degrades or humiliates another person based on age; gender; identity; impairment; industrial activity; lawful

sexual activity; marital status; parent/carer status or status as a carer; physical features; political belief or activity; pregnancy; race; religious belief or activity; sex; sexual orientation; personal association (whether as a relative or otherwise) with a person who is identified by reference to any of the above attributes;

» Consistently behaves in an unproductive manner that interferes with the wellbeing, safety or educational opportunities of any other student.

Before considering a suspension, the school will seek to understand the reasons for a student's behaviour and consider alternative educational and wellbeing supports and interventions that can be provided to the student to effectively address the reasons.

The following considerations will be taken into account when determining the nature and length of suspension:

- » The behaviour for which the student is being suspended;
- » The educational needs of the student:
- » Any disability or mental illness of the student;
- » The age of the student;
- » The residential and social circumstances of the students.

As part of the decision making process the Principal, in consultation with the Leadership Team will ensure that:

- » The student has been given ample opportunity to be heard;
- » Any documentation provided by the student and or their parents or carers has been taken into account in making the decision;
- » Other forms of action to address the behaviour which may lead to suspension have been considered.

In addition, when determining whether to suspend a student with a disability, the Principal must be sure that *reasonable adjustments* have been made to assist the student to manage the behaviours when this is a manifestation of disability.

# Arrangements & Communication:

Once the suspension discernment process has been completed, the following arrangements need to be made and communicated to the student and their parent or carer:

- » The reason for suspension;
- » The school days on which the suspension will occur (no greater than 5 consecutive school days):
- » Contact details of support services if appropriate;
- » The designated contact point (Staff Member) for the student, their parents & carers.

<u>Note:</u> The maximum continuous period of time a student may be suspended at any one time is 5 school days. In addition, a student cannot be suspended for more than 15 days in a school year without written approval from the relevant Executive Director of Catholic Education or their nominee.

A Notice of Suspension is to be generated and forwarded to parent/carer. Where the student's parents are separated, all reasonable attempts must be made to inform both parents. A copy of the Victorian Department of Education's DET <u>Suspension Information for Parents and Carers</u> will also be provided.

St Joseph's Catholic Parish Primary School	System Update: 01. 06. 2020	(S+S)

Appropriate schoolwork is to be arranged and provided to the student, their parents or carers prior to the commencement of the suspension period.

- Where the student is suspended for three days or less meaningful work will be arranged.
- » Where the student is suspended for more than three days a student learning plan must be developed.

A record of suspension is to be entered into the student's record, via ICON.

# Post Suspension & Follow Up Actions:

In all cases of suspension, it is important to consider the student's transition back into school and any disruption to their learning. In many cases, the student will require additional educational or other supports to help address the reasons for the incident and/or any underlying behavioural issues.

The Principal will convene a student support group meeting with the student, their parents or carers, and any other staff members or professionals involved in the care of the student. The purpose of such a meeting will be to discuss the student's behaviour that led to the suspension, and to discuss a range of strategies to address the concerns and prevent further occurrences of such behaviour. A Return to School Plan will also be developed.

## **Expulsion:**

The decision to expel a student will only be considered where their behaviour is of such magnitude that the need to maintain the health, safety and wellbeing of staff members and students at the school and the continued effectiveness of the school's educational programs far outweighs the need for the student to receive an education.

The following process must be undertaken before the expulsion of a student can be authorised:

- » The Executive Director of Catholic Education is notified of expulsion as being a possible course of action.
- » The Executive Director of Catholic Education appoints a nominee, usually an educational consultant, to review with the Principal all current support mechanisms in place and to explore additional options for the student.

#### These would include:

- » A review of the Behaviour Management Plan to explore ways in which it can be modified or developed;
- » A review of existing support programs to explore additional means of assisting the student;
- » The identification of additional sources of professional advice, e.g. CEO personnel, psychologist, etc.
- » The possibility of a negotiated transfer, where a change of school or a move to an alternative setting may be judged the most appropriate means by which a student's wellbeing can be responsibly supported or restored.
- » Formal opportunities for the student and/or parents/guardians to respond to the circumstances, to outline their hopes for the future and to explore further options.

St Joseph's Catholic Parish Primary School	System Update: 01. 06. 2020	(sts)
Version 0.1	Date of Next Review: 01. 06. 2023	

» Review of the restorative practices that are in place in the community.

In circumstances where all of the above have been explored, expulsion can only proceed in consultation with the Executive Director of Catholic Education's nominee and the Parish Priest.

A student who is aged 8 years or less cannot be expelled without approval from the Executive Director of Catholic Education.

#### Notification of Expulsion:

A formal Notice of Expulsion will be provided to the parents or carers of the expelled child. This is formally recorded on the school files. The Notice of Expulsion is to be issued before or on the day when the expulsion is to commence. Where the student's parents are separated, all reasonable attempts must be made to inform both parents.

The notice needs to include:

- » The reason(s) for the expulsion;
- » The commencement date of the expulsion;
- » Details of the Appeal process.

# **Appeal Process:**

Parents and Carers may within ten (10) days of the decision made to expel a student, lodge a formal appeal.

Valid grounds for appeal are that:

- » Proper procedures were not followed by the school in matters related to the expulsion decision;
- » The full details of the case were not investigated at the time (additional details to be provided);
- » The decision was too severe;
- » The decision was unjust.

The appeal must be in writing to the Executive Director of Catholic Education. Upon receipt of this appeal notice the authority will appoint an independent person (a person of appropriate educational, legal or leadership experience not employed by any school or agency of the Diocese) agreed by both parties to investigate and decide the appeal.

When the process has been completed the independent person will deliver their findings to the Executive Director of Catholic Education who will directly notify the Principal and Parish Priest and the Parent or Carer who made the appeal. If the grounds on which the appeal was made are found true, the expulsion will be repealed. Otherwise the expulsion will remain. The decision will be final and is not subject to further appeal with the Catholic Education Commission of Victoria.

# Return to School Support Plan

A Return to School Support Plan assists in the reintegration of a student after an extended absence or hospitalisation. This plan is developed with the student, their parents & carers to promote engagement and ownership over the plan. If the student is returning to school after a hospitalisation or a significant medical event, the school will ensure that an up to date risk assessment has been completed as this should guide the development of this plan.

Collaborate with the student, parent/carers and others to decide on a plan for when the student will return and how many days/periods they will be at school. Plan to gradually increase student attendance of the first week or fortnight. Consider the benefits of late starts/early leaving. Consider allowing the student to temporarily work independently in a supervised area (e.g. the library or staff block). Highlight the times/periods the student will be attending on a timetable and attach to this plan. Ensure all attendees have their own copy of this revised timetable.

- » Being flexible around attendance and work requirements
- » Providing a safe place and person for the student
- » Providing a withdrawal card to the student so they can leave class discreetly
- Creating a calm plan or safety plan for students who are anxious or experiencing suicide ideation

.............'s parents will take the following actions to help ...... return to school

# Amongst other things, consider:

- » Morning and bedtime routines
- » Technology in the bedroom
- » Communication with the school
- » Accessing support from community agencies
- » Support with homework
- » A visit to the family GP for a check-up

# The plan will be monitored in the following way:
